Memo Prepared on October 1, 2022

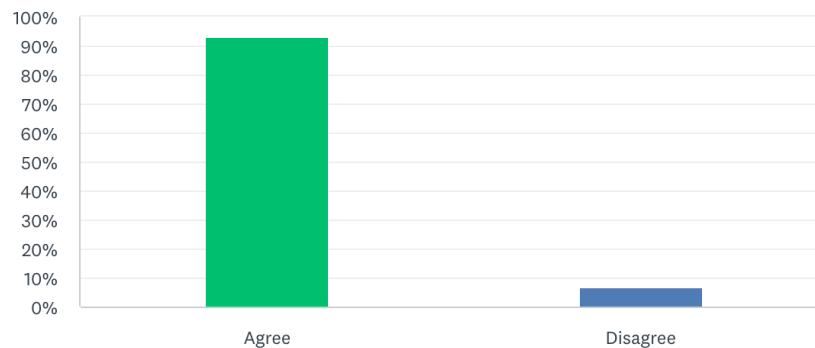

To all interested parties,

From September 27 through September 29 of 2022, Ocean State Research conducted a survey of registered voters in the state of New York on behalf of The Dawn Project. The topic of the survey was automobile safety standards.

1,105 respondents were surveyed via online panel and screened to verify that they identified as registered voters in the state of New York. 1,024 of these respondents were verified and moved on to the main survey. 1,021 of those respondents completed the main survey. The results were as follows:

A Full Self-Driving car that would run over a child in a crosswalk must be banned from our public roads immediately. Do you agree or disagree?

N = 1,021 - Registered Voters in the State of New York

ANSWER CHOICES	RESPONSES
▼ Agree	93.14% 951
▼ Disagree	6.86% 70
TOTAL	1,021

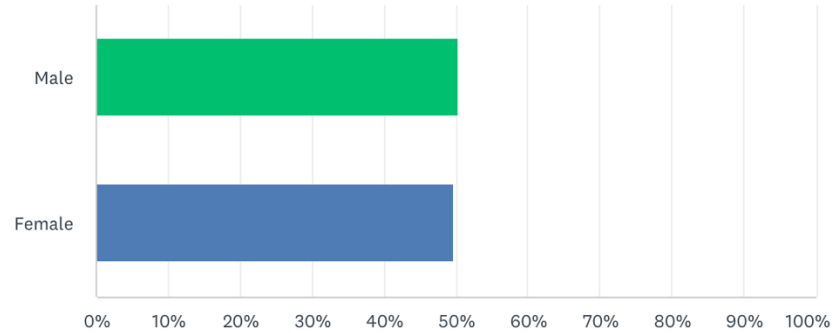

Appendices 1-3 contain tables showing breakdowns of the statistical sample by age, gender and household income. Other than the above question, all questions in the survey were for the purposes of determining eligibility (e.g., A New York registered voter) or demographics for the purposes of sample balance. Thus, the above question was posed to respondents without outside influence or framing.
